Birla Vishvakarma Mahavidyalaya

Name :	**Maitri Shaileshkumar Patel**
ID number :	**25CP432**
Subject :	**Computer Workshop – II (103 SB)**

PRACTICAL – 6

➢ Problem Statement:

Create a webpage named library.html that stimulates a library management system interface. The page must be styled using all three CSS methods (inline, internal, and external) and should include:

- A header section with a title.
- A table displaying book details.
- A list presenting library rules.

Solution should demonstrate the use of basic CSS selectors (Class and ID) and properties for setting fonts, background colors, borders, padding, margins, and styles for lists and tables.

➢ Output:

Screen 1 -

M & M Library

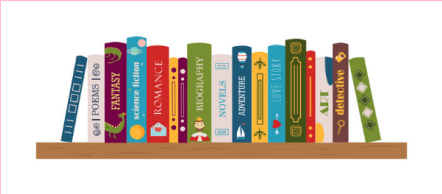
Welcome to the World of books.

Library Rules

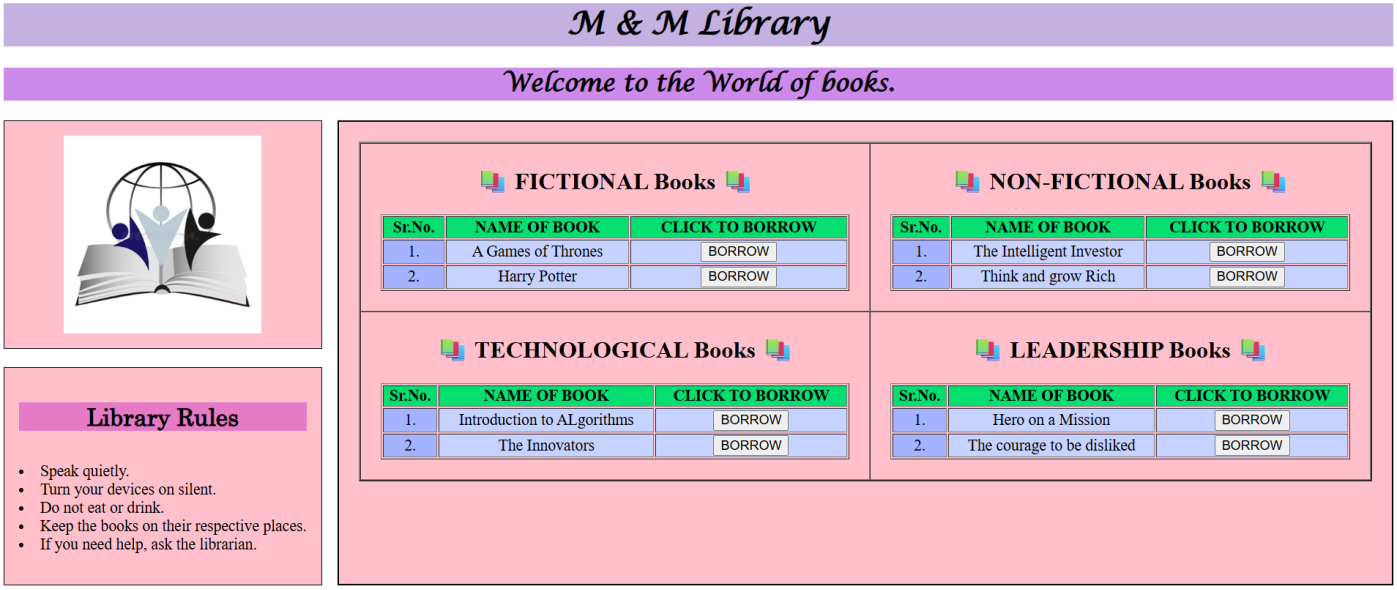
- Speak quietly.
- Turn your devices on silent.
- Do not eat or drink.
- Keep the books on their respective places.
- If you need help, ask the librarian.

List of Books

Sr.No.	TYPES OF BOOK	CLICK
1.	Fictional	CLICK to see
2.	Non fictionl	CLICK to see
3.	Technology	CLICK to see
4.	Leadership	CLICK to see



Screen 2 -



➢ Code for <u>OUTPUT SCREEN 1:</u>

```
<DOCTYPE! html>
<html>
<head>
	<title>Library system</title>
